## MECHATROLINK-III Sample application

### Features

Sample application (C language source code) is prepared as an aid in software development.

- Sample application includes the example of initialization, command process and so on as C source code.
- Sample for C1 master : Standard servo profile commands are used. (Not all commands)
- Sample for slave : Standard I/O profile commands are used. (Not all commands)
- This software is free for MMA members. MMA members can download it from MMA website for MMA members only.
